5. 'Heaven', door One Republic

When the room don't like us  
I'll be at your table  
Yeah I'll be sitting next to you  
And when the world ain't righteous  
It's raining Cain and Abels  
I'll be trying to dance with you  
Oh everybody feels alive  
So just one more time before the morning comes  
Oh everybody feels alive  
If they're throwing stones at the two of us, two of us

Everyone they say that we don't work  
But I could swear this is heaven, yeah  
Everyday I know that this might hurt but I don't care  
This is heaven, yeah

I couldn't stop couldn't fight this  
I didn't come here to change up  
Yeah I just want to fan your flame  
Well if the young Picasso and the guy that made you  
And no one's gonna bring you change  
Oh everybody showing the scars  
Patchwork hearts lighting up the dark  
Love the dark, oh yeah

Everyone they say that we don't work  
But I could swear this is heaven, yeah  
Everyday I know that this might hurt but I don't care  
This is heaven, yeah  
This is heaven, yeah
